LATEST UPDATE - THE SATELLITE INDUSTRY AND COVID-19

This month's Trends column continues to focus on the role that satellites and SIA members are playing in the fight against the COVID-19 pandemic. As the world continues to endure this unprecedented crisis, satellites are providing a host of communications, business continuity, broadcast, navigation, remote imaging and other vital services critical to public health and safety and community well being. Read the latest initiatives and updates on the SIA website page [HERE](#).
