TRENDS - Satellites and the Coronavirus Pandemic One-Year Update

The voice of the satellite industry

This month's Trends column re-focuses on the continuing role that satellites, SIA industry members and space agencies around the world are playing in the fight against the COVID-19 pandemic. Satellite companies are providing a host of communications, business continuity, broadcast, navigation, remote imaging and other vital services critical to public health and safety and community well being. Read the latest initiatives and updates on the SIA website page [HERE](#).
