IRIDIUM AND ONEWEB SUCCESSFULLY LAUNCH SATELLITES IN MAY

(Above) On May 20th, Iridium announced the successful launch and deployment of five spare LEO communications satellites. OneWeb also announced the successful launch and deployment 16 LEO broadband connectivity satellites including its next-generation beam-hopping JoeySat. Both companies' satellites were launched on board a shared Falcon 9 launch vehicle (as seen above) from Space Launch Complex 4 East (SLC-4E) at Vandenberg Space Force Base in California.
